## Recent Cases

- **Fitzroy Place Residential Ltd v Lovitt & Ors [2024] UKUT 63 (LC):** A narrower meaning was to be given to a lease provision permitting reallocation of service charge expenditure than was contended for by the landlord. It did not permit them to devise an entirely new methodology to calculate service charge proportions.
- **Tower Hamlets Community Housing Ltd v Leaseholders of Painter House [2024] UKUT 37 (LC):** Led by Gary Cowen KC, the Upper Tribunal ruled on the tribunal's jurisdiction to vary leases under s.35(2)(f) and s.38 of the Landlord and Tenant Act 1987.
- **89 Holland Park (Management) Ltd v Dell & Dell [2023] EWCA Civ 1460:** Certain legal and professional costs were not recoverable as service charges through 'sweeper provisions' of a kind frequently found in leases. The recoverability of any expenditure depended on the particular wording of the lease in context. The Supreme Court refused permission to appeal. Edward was led by James Fieldsend.
- **Houssein & Ors v London Credit Ltd & Ors [2023] EWHC 1428 (Ch):** There had been no breach of a bridging finance agreement (and the lender's witnesses dishonestly asserted otherwise) and the default interest was an unenforceable penalty. Permission to appeal has been obtained by the Claimants in respect of consequential matters. Edward was led by Christopher Maynard.
- **Charles Hunt (Holdings) Ltd v 77-82 Bridle Close (Freehold) Ltd [2023] UKUT 32 (LC)**  
: The Upper Tribunal determined the premium payable on a collective enfranchisement claim by way of a rehearing. Only a nominal sum was payable for roof space development value and there was no value in the ability to sell Deeds of Variation permitting subletting.
- **English Rose Estates Ltd v Menon & Ors [2022] UKUT 347 (LC):** The procedure adopted by the FTT in permitting a new point to be raised at a late stage was procedurally fair, and the lease could not be corrected by construction to permit the landlord to recover insurance premiums as a service charge.
- **Adil Catering Ltd v City of Westminster Council [2022] UKUT 238 (LC):** The Upper Tribunal ruled on the meaning of the Regulations applicable to the management of an HMO, the threshold for the imposition of a financial penalty under those Regulations, the statutory defence of 'reasonable excuse', and the calculation of the penalty to be paid.
- **Invergarry Court Ltd v Connolly & Ors [2022] UKUT 209 (LC):** The FTT had given insufficient reasons for its decision to appoint a manager pursuant to s.24 of the Landlord and Tenant Act 1987. The Upper Tribunal also addressed the lessees' complaints regarding mismanagement of service charges and unreasonable refusals of consent to assign.
- **UCP Plc v Nectrus Ltd [2022] EWCA Civ 949:** Led by Paul McGrath KC and with Andrew Legg, the Court of Appeal allowed a second application under CPR 52.30 to re-open a refusal of permission to appeal and granted permission to appeal on the question of reflective loss. The previous decision of Flaux LJ ([2021] EWCA Civ 57) was tainted by apparent bias.
- **Kensquare Ltd v Boakye [2021] EWCA Civ 1725:** The Court of Appeal held that time is likely to be of the essence with regards to interim service charge machinery, and also considered whether legal costs could be recovered as an administration charge or as a service charge. Edward was led by James Fieldsend in the Court of Appeal and acted as sole counsel at first instance and in the Upper Tribunal.
- **Church Commissioners for England v Beg LON/00AW/OLR/2020/0446:** In the first case under section 61A of LRHUDA 1993, the FTT considered the legislative framework and valuation principles that apply to a landlord's claim for compensation following an ineffective lease extension claim.
- **TBD (Owen Holland) Ltd v Simons & Ors [2020] EWCA Civ 1182:** Led by Andrew Butler KC, the Court of Appeal considered and gave guidance on search orders and 'imaging orders' (which concern the copying of digital materials).
- **UCP Plc v Nectrus Ltd [2019] EWHC 1732 (Comm); [2019] EWHC 3274 (Comm):** Led by Andrew Butler KC and with Andrew Legg, the High Court determined bifurcated questions on liability and quantum of loss arising out of an investment management agreement. The decisions address the interpretation of contracts, scope of duties, and reflective loss.
- **Wells v Devani [2019] UKSC 4**  
: Led by Andrew Butler KC, the Supreme Court ruled on the formation of oral contracts, certainty of contracts, and the effect and application of the Estate Agents Act 1979.
